### BACKGROUND

The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. The CERT concept was developed by the Los Angeles City Fire Department in 1985 and since its creation, numerous disasters have underscored the need for

training civilians to meet the immediate needs of a community.

### CERT Training

CERT training graduates can assist others in their neighborhood or workplace following an event in which professional responders are not immediately available. CERT graduates who wish to become a member of CERT Team are required to complete additional training and participate in emergency preparedness projects in the community.

Training is vital to the safe and efficient operation of the team. No member should attempt any action for which he or she is not trained. The safety of the individual, the other team members, and the victim(s) are all dependent upon each member knowing exactly what he or she is doing and capable of. It is each member's responsibility to ensure that he or she is up-to-date with applicable training.

CERT Members are encouraged to participate in the New York State Citizens Preparedness Corps Training Program.

AUXILIARY: Any active member who has not achieved the minimum number of hours or other requirements by the end of any year without a satisfactory reason will become re-classified as an Auxiliary member and shall return their uniform. Auxiliary status will signify that the member may not be aware of the latest CERT skills, safety procedures and protocols, and may be considered potentially unsafe due to this lack of awareness. Those classified Auxiliary are welcome to participate in CERT activities, but may be restricted by team management in the role that they may play, due to the lack of proven training and my not be included in the initial deployment.
- 3. RETIRED: If a member remains on the Auxiliary list for more than two years, a letter will be sent to the member to determine if the member wishes to continue with the team, or to officially retire. If a member indicates his desire to remain on the team, no further action will be taken and the member will remain on the Auxiliary list. In the case of a member choosing to retire, the official ID card must be returned to the Village. The member's status is changed to Retired and Disaster Service Worker coverage is no longer effective. The member's personal file will be kept for one year and then destroyed.

### CERT TEAM ACTIVATION & DEACTIVATION

Only the Village Mayor or designee can activate and deactivate the CERT Team. Without this, members are acting as an individual member of the public, with no authority, and with no backup or support from the Village. Additionally, there is no provision of Disaster Service Worker status.

When activated, the Village Emergency Manager or EMC will designate a Team Leaders to supervise activities of the team. Should a Team member need to leave an incident or exercise prior to being deactivated, it is the member's responsibility to notify their Team Leader and check out. Should a Team Leader need to leave an incident or exercise prior to being deactivated, it is the Leader's responsibility to identify a

replacement, inform the Emergency Manager or EMC and then check out.

Prior to leaving an incident or following deactivation, Team members should ensure that all equipment is returned to the appropriate places and documentation is turned in to the appropriate individual.

### UNIFORMS & IDENTIFICATION

Active members of the CERT Team will be provided with a uniform to ensure that local first responders can recognize them and differentiate them from other community volunteers, including individuals who have completed the CERT class, but no other training. Team members will be issued the uniform once they have completed all required training. When Team members are no longer participating at the required level they will be asked to return their uniform. CERT Team members will also be issued an ID Card once they have completed all required training. Team members must wear their ID card when activated to respond to an incident or assist at a community event. Team members who are in good standing at the end of each calendar year, will be issued a sticker for the next year to be placed on their ID.

### CERT CODE OF CONDUCT

All CERT Team members shall abide by the CERT Code of Conduct. Any verified deviation from the Code of Conduct may result in dismissal from the team. A copy of the Code of Conduct will be included in the CERT Standard Operating Guidelines.

### MANAGEMENT TEAM

The Management Team works with the Mayor or designee to implement the CERT Team program, set goals and objectives for the organization, as well as manage committees to implement the goals and objectives. There will be at least one Management Team meeting each quarter. Members of the Management Team are the members of the Village OEM.

### Liability

New York State laws offer protections for volunteers, including CERT members, from liability for negligence, but these protections often have specific conditions and exclusions. CERT members can be held liable for injuries or damages caused by their negligence, such as failing to follow training protocols

or acting carelessly during a response. If a CERT member intentionally causes harm, they could face legal consequences. Community Emergency Response Guide, Managing Liability can be located at: https://www.ready.gov/sites/default/files/2021-04/CERT\_Liability\_Guide%20v2.pdf

Proposal to Amend Contract for Update to the Village's Zoning Code The Village of Ballston Spa, New York

Dear Mr. Rossi,

Fisher Associates, P.E., L.S., L.A., D.P.C. (Fisher Associates) is submitting this proposal to continue our work on updating the Village's zoning code.

#### Overview

Zoning codes are one of the strongest tools a municipality has to guide future growth. After nearly two years, a first draft of the code was completed and presented to the public in spring 2025. To complete the code and bring forth for adoption by the Village Board of Trustees, there are several steps that must occur, several of which were unforeseen in the original contract:

- · Develop an Open Space District provision within the Code
- Review and address nearly 80 pages of public comment
- Amend the zoning code map to incorporate new open space district, as well as other changes to boundaries and proposed districts, based upon Village feedback
- An additional in-person meeting to meet with Village Planning Board and Zoning Board of Appeals to address the above
- Work with the Village's Legal Counsel to refine the first draft, including addressing additional comments from the Mayor to address important provisions
- Potential additional in-person meeting to meet and present to the Village Board of Trustees
- Potential final refinement of the Zoning Code based upon feedback from the Village Board of Trustees.

Fee for Services and Basis of Billings

Once the funding for the original contract has been exhausted, billings for the above scope of work will be based on a not-to-exceed amount of \$10,000. Fisher will bill the Village monthly based upon the time and expense spent. This cost estimate is based on the anticipated scope of work outlined above, which represents our best judgment at this time as to the effort required to achieve the stated objectives. It must be recognized, however, that unforeseen conditions that may become evident during the course of the project may alter the effort required. If whatever it is that may impact costs occurs, revisions to the budget may be necessary. Client will be notified

By living our clientship principles and core values, we create powerful client experiences.

immediately of any conditions requiring a change in the scope of work and budget. Fisher Associates will not undertake any additional work without your prior written consent.

We appreciate the opportunity to submit our proposal and are looking forward to continuing our work with you on this project.

Sincerely,

FISHER ASSOCIATES, P.E., L.S., L.A., D.P.C.
