EXHIBIT "A"

NEGOTIATION SERVICES

A. Preparation for Negotiations

The need for thorough preparation prior to the commencement of actual bargaining is often overlooked. We believe that preparation is a key element in assuring a successful outcome to the negotiation process.

Preparation includes:

- Reviewing the existing contract and offering advice regarding suggested modifications
- Reviewing the existing work rules and practices
- Reviewing grievances filed and arbitration decisions
- Reviewing the demands presented by both Union and Management in the last negotiations
- Reviewing the history of other benefit changes over the past six years
- Reviewing the most recent settlements in similarly situated jurisdictions
- Meeting with first line supervisors to ascertain their needs - both changes to the existing contract, as well as the needed additions to the contract
- Meeting with senior officials to determine their needs and review the findings resulting from meetings with line supervisors

B. Preparation of Demands

This phase of the process is flexible and is adapted to the needs of each jurisdiction. Generally, we recommend that Labor Counsel prepare suggested demands and that those demands be reviewed by you and modified to suit your needs.

C. Selection of Negotiating Team

We recommend that a cross-section of management representatives be appointed to the negotiating team so that the entire negotiating process can be "felt" at all levels of management. Managers appreciate the process to a much greater degree if they know and trust those who were directly involved.

D. Participation in Negotiations

The negotiations are made much easier by careful planning and research as typified in "A", "B", and "C" above. We will participate fully in all phases of negotiations including renegotiation preparatory sessions, face-to-face meetings at the bargaining table, management caucuses, and, if necessary, the impasse process. We will maintain a detailed record of the negotiations for use in future proceedings.

E. Communications

Meetings with key management personnel will be scheduled throughout the negotiating process to inform them of progress in the negotiations and to recommend position modifications.

F. Drafting the Contract

All changes agreed upon in the negotiations process will be reduced to contract language which accurately reflects the agreement and is readily understood by Union and Management representatives, as well as those important persons not present at the bargaining table such as arbitrators.

G. Ratification

After a tentative agreement has been entered into, it must be presented to and approved by the appropriate Legislative body. We will appear before such body and make all necessary presentations to explain the proposed agreement.

H. Conduct Management Information Sessions

§27-1: Purposes; applicability

- A. Purposes. The proper operation of a Village government requires that its officers and employees be independent, impartial, and accountable to the people; that government decisions and policy be made in the proper channels of the governmental structure; that the public office not be used for personal gain; and that the public officers and employees observe in their official acts the highest standards of ethics and discharge faithfully the duties of their public office regardless of personal consideration.
- B. All officers and employees shall conduct themselves in a professional and respectable manner towards the public and one another. Realizing what is legal is not necessarily ethical, it is the policy of the Village of Ballston Spa and the purpose of this chapter to establish standards and guidelines for the ethical conduct of officers and employees. Though assurance of such conduct will continue to rest primarily on personal integrity and community vigilance, the establishment of standards is another step toward providing the highest caliber of public administration for the Village and ensuring that government decisions are arrived at impartially and free from conflicts of interest, thereby increasing confidence in public officials.
- C. It is also the purpose of this chapter to protect officials and employees from unwarranted accusations that impugn their integrity by distinguishing material conflicts of interest from those that are inconsequential, recognizing that for local government to attract and hold competent and professional public servants public service must not require a complete divesting of all proprietary interests. In recognition of these goals, there is hereby established a Code of Ethics for all officers and employees of the Village of Ballston Spa.
